WHAT WE'RE LOOKING FOR

- Undergraduate degree from a recognized post-secondary educational institution specializing in community planning, environmental sciences, sustainability or a related field.
- 7+ years of progressive experience in policy development and program delivery related to long-range community planning, social planning, climate change, environmental management, and sustainability, preferably in a management role with local government.
- 5+ years of managerial experience including 3 years of direct supervisory experience.
- Experience working with politicians, senior staff, public, and the media.
- Eligibility for membership with Canadian Institute of Planners is preferred.
- Local government administration training.

WHAT YOU'LL BE DOING

The successful candidate will:

- Plan, coordinate, lead and direct long range community planning and sustainability initiatives and activities.
- Build relationships and continue strategic communications with key community stakeholders, various levels of government and non-government organizations and all City departments.
- Provide strategic advice to staff, senior management, and Council, and ensure that the City's long-range plans are integrated within one another and into the activities of all City departments.
- Play an integral role in guiding growth and development by ensuring the creation of a thriving, inclusive, attractive, vibrant, and sustainability-oriented community.

Please note that this posting may close ahead of the official closing date if a successful candidate is identified.
